

INQUIRY AND ANALYSIS OF 2018 ELECTIONS

Election Integrity Project California
EIPCA will research the first phase of elections by reviewing how elections are managed and how ballots are processed.

WE THE PEOPLE

Citizens of California MUST have the highest confidence in the integrity of how our elections are conducted & our votes are counted.

Issues of Concern:

- Were all votes lawfully cast?
- Were eligible voters able to cast their vote without impediment?
- Do policies & procedures protect the integrity of the election process?
- Were ballots handled & processed without manipulation?

Too many Irregularities in 2018. Let's get answers and prevent this from happening in 2020!

HELP US GET THE ANSWERS!
